

ABOUT TRUEVITA

At TrueVita Senior Care Solutions, we help seniors live independently, with dignity, confidence, and the right support at every step.

Our mission is to make aging more empowering through personalized care coordination, compassionate advocacy, and emotional support, all grounded in a person-centred approach.

Led by a Registered Social Worker with deep experience in healthcare and community care, we provide thoughtful planning and expert guidance tailored to your values and goals.

With the right support, aging can be a time of strength, purpose, and resilience.

Testimonial

"We would like to thank you for all the help you provided during my wife's hip surgery. Our discussions beforehand were incredibly helpful, as we had very little understanding of the process. You were completely understanding of our situation at home, especially with my limited mobility, and what would be needed after surgery.

Your representation with the hospital and care team allowed us to set up a schedule for her hospital stay and arrange appropriate respite care.

Your guidance with post-surgery programs helped her regain strength and mobility, allowing her to access all parts of our home without assistance.

You made an extremely emotional time much calmer and easier for us to handle. Thank you again for all your support".

– J & M

WHY CHOOSE TRUEVITA

- Led by a Registered Social Worker with hands-on experience in both hospital and community care.
- Person-centred, compassionate, and collaborative approach

- Aging at home is important to many families—we offer the guidance and resources to help make it safe and sustainable.
- We support safe transitions home from hospital and guide care planning every step of the way.

- We take the time to truly listen and ensure every step reflects your values.
- We help families navigate complex systems and access the right care, when and where it's needed most.

COMING SOON: PET THERAPY VISITS

At TrueVita, we recognize how vital emotional support is, especially during times of change. That's why we're introducing pet therapy visits with Louie, our gentle Cavalier King Charles Spaniel in training. Louie brings a sense of calm, comfort, and meaningful connection to the care experience.

He'll soon be available during select in-home visits, offering warmth and support during assessments, emotional check-ins, or simply as a source of joy and ease.

Benefits of pet therapy:

- Clinically proven to reduce anxiety and depression.
- Increases emotional connection and joy.
- Reduces feelings of loneliness.
